

Val's Mentor Accelerator

Galvanizing employees and customers
for innovation and market superiority

You can become the best HR leader your company has ever known!

- What if you could transform your work to spend more time coaching and driving strategic changes?
- Do you want to build your organizational development skills?
- Are you ready to drop the excuses and realize your dreams?

Differentiate yourself! Many internal Human Resources experts under-invest in their own development. They dedicate their careers to developing others, then don't take their own advice to accelerate their own personal growth.

In six months you can:

- Increase your reputation as a true strategic partner
- Transform your current work to be more strategic and impactful
- Visualize your 'Perfect 10' job and create a path to achieve your wishful thinking
- Create a plan to achieve your personal and career goals
- Become the organization and leadership expert you dreamed of

Val Wright is a recognized leadership and organization expert. Working with Xbox, Microsoft, Amazon and LinkedIn, she has spent the last 20 years partnering with executives to accelerate growth and gain market superiority across the games, technology, retail, and e-commerce industries.

She is known for telling leaders what they need to hear, not what they want to hear. Leaders seek her out when they need to accelerate their business results, build organizations, develop leaders and create world-class people strategies.
